PRAVEEN RAJ S

praveenrajs2005@gmail.com +91 9036579302 https://www.linkedin.com/in/praveenrajs22

OBJECTIVE

Aspiring software developer looking for an opportunity to apply my programming skills to build real world applications and contribute to software solutions.

SKILLS

Programming : Python, Java (Basic)
Web Technologies : HTML
AI Technologies : Machine Learning , Natural Language Processing (NLP)
Developer Tools : Git Hub, VS Code, PyCharm
Analytical Tools : Power BI Desktop
Backend : MySQL
Frameworks : Flet

EDUCATION

B.Tech in CSE | REVA University, Bengaluru | CGPA: 9.17 | 2023–Present
Pre-University Course (PCMB) | Nisarga PU College, Bengaluru | 91.8% | 2021–2023

WORK EXPERIENCE

Persona-Aware Voice AI Chat Companion

- Developed a voice-enabled AI chatbot with multiple personas using OpenAI API, featuring speech recognition, sentiment analysis, and a Flet-based interface.
- Integrated Murf AI text-to-speech and mood detection to generate adaptive responses with automatic voice playback.

Face Match

- Built a real-time face verification system using OpenCV and DeepFace to match webcam input with reference images.
- Used the VGG-Face model with RetinaFace detection to improve recognition accuracy and stability.

ACHIEVEMENTS

- Participated in a 32-hours hackathon (Haccverse) conducted at REVA University.
- Participated in Ideathon 6.0 conducted at NMIT.
